

Economic & Financial Consulting

FTI Consulting is home to one of the world's leading economic and financial consulting practices. We support clients with their strategic decision-making by providing evidence-based critical insight and analysis on a range of business and public policy issues, disruptive events and changes to regulatory, legal and market environments.

WHY FTI CONSULTING

One global team

We seamlessly combine our global resources to support you where you need us most, adapting and diversifying our team based on your needs.

Hands-on experience

Our Australian professionals have senior level government, regulator and public service experience across. Our global team includes former chief economists at the SEC, EU Commission and Hong Kong Competition Commission.

Comprehensive services

Whether it's proactive risk management or responding to unexpected events, we deliver comprehensive solutions to support you right across the business cycle.

Definitive expertise

From valuation experts and communication professionals to forensic technology specialists – we are unmatched in our depth and breadth of expertise.

Industry specialists

Our industry teams possess sector specific hands-on management and operational experience across 16 core industries.

LEADING GLOBAL ECONOMIC EXPERTISE

With deep expertise in economics, finance, accounting and statistics, our local and international professionals are acknowledged leaders in their fields and include highly-skilled economists, accountants, financial analysts, industry specialists, former executives and former regulators.

Together they have made an impact on many market-shaping events including major mergers and acquisitions, public policy issues, shifts in regulation and complex disputes.

As part of a multidisciplinary business advisory firm, our Economic & Financial Consulting team can also draw on FTI Consulting's collective industry and technical expertise to address the many interconnected issues clients face across the business cycle.
